Rebranding Surface AR Campaign

Rebranding Surface AR Campaign -IMG1.jpg

Everything You Need To Know About WebAR Rebranding ??

Change Page Title

Open your Surface AR campaign and go to Web Editor and click on the Edit button.

Find the **<title>** tag in the beginning of the page. Update your page name between the tags and Save.

```
<title>Your Page Name</title>
```

Change Page Favicon (URL icon)

Find the comment ***Change Favicon*** and update the following **<link>** tag. Paste the address of the new favicon (must be a PNG file) link address to the **href** value and Save.

```
<link rel="shortcut icon" type="image/x-icon" href="Insert PNG image file address">
```

Change Background Color

Find the comment in the CSS, the following comment - /*Change color of the background page */

Change the default hex color code for background and Save. Find color hex codes from **here**.

```
background: #ABA8A8;
```

Change QR Window Size

If you want to change the default QR popup window default sizing, please change value next to the following comments: /* QR Window CSS */

To change popup window width - change the values next to /*Change QR window width*/
To change popup window height- change the values next to /*Change QR window height*/

```
#qrWindow{
position: absolute;
margin:auto;
background: rgb(255,255,255);
width: 100vmin;  /*Change QR window width*/
max-width: 330px;
height: 100vmin; /*Change QR window height*/
max-height: 400px;
left: 50%;
top: 50%;
transform: translateX(-50%) translateY(-50%);
z-index: 10000;
border: solid 1px gray;
border-radius: 3%;
}
```

Change Logo in QR Code

This is quite easy. Simply follow this existing tutorial to **change logo in QR code**.
